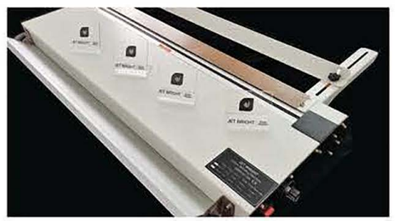
Acrylic Sign Tool Series

DOTNETT | SIGN making tool

Acrylic Bending Maching ABM700/1300

The acrylic bending machine is suitable for advertising sign shop to do mass acrylic product.
Application material is plastic plate, acrylic, plexiglass,PVC,ABS,PP etc.

- Mass prooduction
- Same agngle,same position

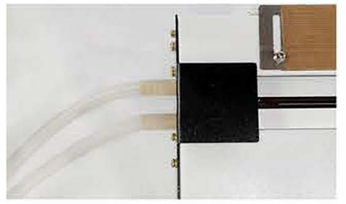


Temperature Adjustable: 0-600℃

Temperature adjustable during 0-600℃, according to different thickness of sheet .

Heating Gap Width Adjustable: 0- 8 mm

According to different material and thickness of various sheets, heating gaps width can be adjustable.



Circulating Water Cooling System

Adopted advanced infrared heating technology and circulating water cooling system, ensure fast cooling.

Angle Adjuster & Length Adjuster

Available angle 0-160°/Available length 0-330mm. Ensures bending standardization and unification. Suitable for mass production.

Heat Dissipation Fan

Special Version

Equipped circulating cooling water system, replace the water after heavy and long time working, temperature up to 50℃.
Ensure the machine cool completely, turn off the heating tube gap after working.

Parameters

Model	Theory	Applicable length	Applicable thickness	Voltage	Power	Temperature range	Packing size	Gross weight
ABM700	Thermal Forming	≤650mm	1-10mm	110V/220V	1000W	0-600℃	1000×520 ×220mm	16KG
ABM1300	Thermal Forming	≤1250mm	1-10mm	110V/220V	1500W	0-600℃	1600×520 ×220mm	26KG

2500W	2460mm	1-6mm	220V	3000W	0-420℃	0-230mm

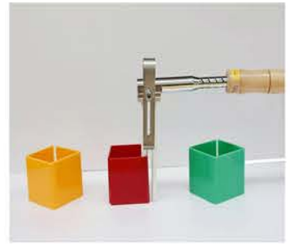
Acrylic Bending Tool ABT03

Voltage:100-240V
Power:39 W
Heating temperature:200℃
Pate size:100mm*25mm*2

Voltage:100-240V
Power:60 W
Heating temperature:200℃
Pate size:100mm*50mm*2

The aluminum alloy heating plate makes the side strip heat uniformly up and down, and automatically adjusts the bonding Angle between the heating plate and the side strip

Acrylic Bending Tool ABT04



The bender suitable for channel letter making and acrylic letter angle bending,it with shape L, and it vertical to the acrylic sheet, which makes it easy to do the heating and bending.

Size	Applicable Length	Applicable Thickness	Voltage	Power	Max Temperature
120mm	100mm	1-5mm	220V	150W	270℃
150mm	130mm	1-5mm	220V	250W	270℃
300mm	280mm	1-5mm	220V	300W	270℃

Passive-cooling Water Chiller

CW3000

Passive-cooling water chillers use condensers, which directly use fans to force air flow to take away the heat.

Water-cooled Water Chiller

CW5000

CW5200

Water-cooled water chiller uses external circulating water working with the internal system for efficient refrigeration, smaller size with larger cooling capacity.

Application

Water Chiller is for water circulation cooling,especially for acrylic bending machine, acrylic bender and CO laser machine. When the acrylic bending machine is working, it need to put a water pump into a tank to achieving the aim of water circulation cooling, the the temperatture up to ℃， it need to change the water, While the water chiller could slove this problem could ensure constant working, do not need change water.

Acrylic Bending Machine

Acrylic Bender

CO2 Laser Machine

Feature:

- Over temp alarm: temperature overtemperature alarm sensor fault self-diagnosis function.
- Water Flow Alarm: when too less water, the wate chiller will alarm to protect the machine.

Acrylic Cutter

- Acrylic cutter is especially for cutting acrylic sheet(plexiglass sheet), the fixed straight track guides the cutting head, to achieve accurate force and improve cutting performance. The special design structure of cutting head, makes cutting safer.

Application Materials

Acrylic sheet, Plexiglass sheet

Blade

Protective Cover

Equipped with a unique protective cover, it can avoid injury during working.

Large format workbench

The workbench is large enough to put the sheet stably, makes the cutting easiler, improves working efficiency.

Banner Welding Machine

BWM04

Power: 2600W
Fan: stronger wind, more uniform air
Temperature range: 50-750℃
Walk speed: 10-20m/min
Laser: laser positioning line, make welding more accurate
Handrail: standing to operate, move machine conveniently
Welding width: 2-5cm
LED light: more convenient work in night
Temperature control: digital temperature control, LCD screen
temperature control more accurate
temperature floating ± 1℃
Scope: banner,tent and so on

BWM02

Power: 1800W
Fan:stronger wind, more uniform air
Temperature range: 0-690℃
Walk speed: 1-10m/min
Handrail: standing to operate, move machine conveniently
Welding width: 2-4cm
Temperature control: digital temperature control, LCD screen
temperature control more accurate
temperature floating ± 1℃
Scope: banner,tent and so on

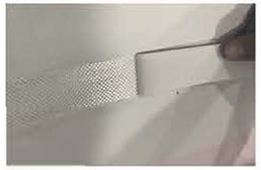
Banner Welding Machine

BWM05

Power: 3600W
Fan: stronger wind, more uniform air
MaximumTemperature : 750℃
Walk speed: 10-20m/min
Handrail: standing to operate, move machine conveniently
Welding width: 4.5cm
LED light: more convenient work in night
Temperature control: digital temperature control, LCD screen
temperature control more accurate
temperature floating ± 1℃
Scope: banner,tent and so on

Seamless Welding Machine

BWM06



Power: 3600W
Fan: stronger wind, more uniform air
MaximumTemperature : 750℃
Walk speed: 10-20m/min
Handrail: standing to operate, move machine conveniently
Welding width: 4.5cm
LED light: more convenient work in night
Temperature control: digital temperature control, LCD screen
Scope: seamless welding machine is mainly suitable for seamless welding of large indoor and outdoor light boxes. No glue is needed.The welding result is firmer and will not fall off yellow. The transmittance is better.

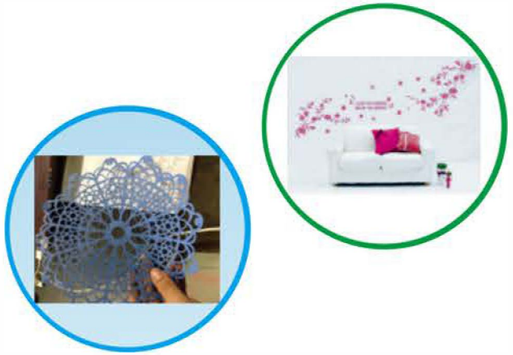
Vinyl Cutting Plotter



Red dot position, Contour cutting

AAS automatic contour cutting

Model No.	TH-740	TH-1300	TH-1600
Main board	32-bit ARM7 CUP,4MB,High-speed CACHE memory		
Control panel	11 membrane buttons +2.4 inch touch screen		
Driver	High-speed,big power step motor,micro-step driver		
Maximum paper feed width	740mm	1300mm	1650mm
Maximum cutting width	635mm	1205mm	1550mm
Maximum cutting speed	500mm/s		
Cutting force	10-500g(digital adjustment)		
Mechanical precision	0.025mm		
Repeatable precision	<±0.025mm		
Interface	USB/SD card/Serial Port/WiFi		
Power supply	AC220V/110V,50Hz		
Power consumption	<80W		
Package size	1060*340*400mm	1590*340*400mm	1900*340*400mm
Gross weight	22kg	35kg	40kg

Atomatic laminater(hot&cold)

Model Number	JB-1680	Roller Diameter	130mm
Nominal Voltage	110v/220v	Raise Height of Roller	50mm
Heating Power	1500W	Temperature	0℃-60℃
Frequency	50-60Hz	Weight	210KG
Laminating Width	≤1580mm	Pressure Adjustment	Pneumatic
Laminating Speed	0-10m/min	Packing Size	2020*600*700mm

Equipment Feature

- ◇ Unique method of putting film from then back, easily operating.
- ◇ Infrared ray control temperature, much precise to control temperature.
- ◇ Unilateral linkage, up and down easily.
- ◇ Two laminating ways: auto/ foot control.
- ◇ With reversing function.
- ◇ Variable speed can be adjusted.
- ◇ Only need one operate, save cost.
- ◇ Uncovering backing paper and finishing products automatically.
- ◇ Heating to 60℃ to avoid bubble thoroughly.
- ◇ High efficiency and high yield of lamination, whole film of 50m don't bevel.
- ◇ Film and paper tightness-degree system makes the cold lamination have good tension, reduces the risk of laminating fold.

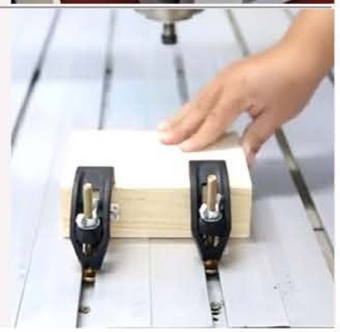
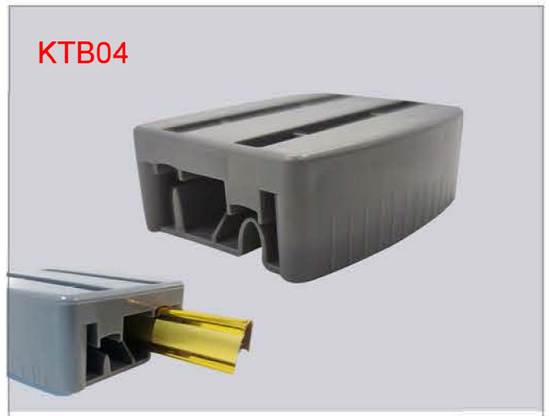
Material: Plastic, Metal



KT Board Strip Sealing and Cutting Tool KTB03

Application material: cutting and sealing plastic KT board strip edge, suitable for 1 / 1.5 / 2 mm

KTB04



KT Board Strip Sealing Tool
Suitable for strip:1mm / 1.5mm
Package:2pcs/box

KTB05

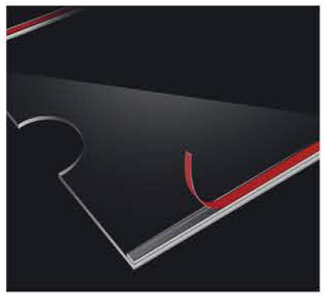
KT Board Strip Cutting Plier
Big size: suitable for 1/1.5mm
Small size: suitable for 1/1.5/2mm

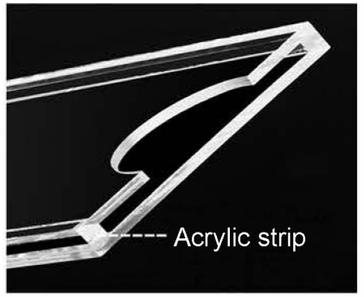
Acrylic card slot adhesive strip

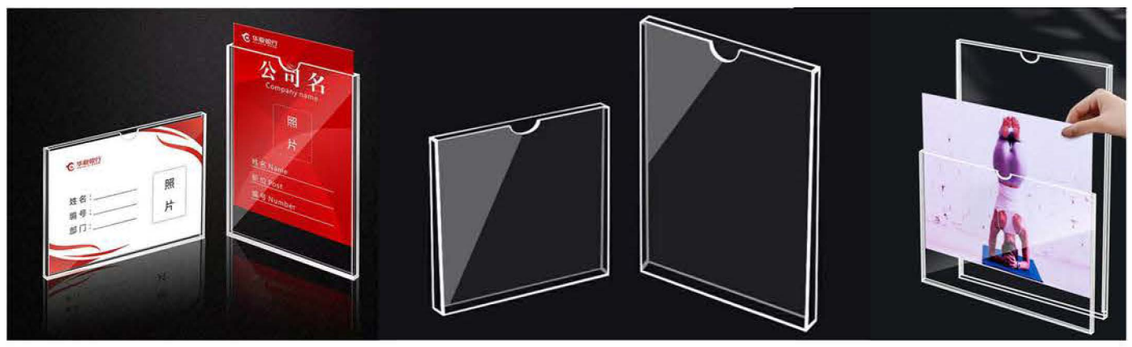
Size	Thickness	Package/CTN
3mm*10m	2.3mm	200R
3mm*8m	2.8mm	200R
3mm*6m	3.8mm	200R

Feature: Transparent color, high temperature resistance, good waterproof performance and removable without residue.

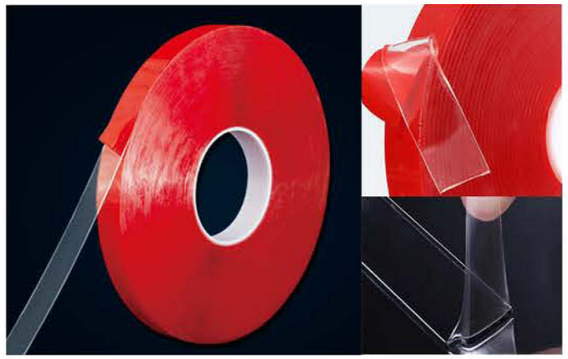
Application: It is suitable for card slot and acrylic box.







Transparent acrylic double sided tape



Thickness	Size	Package/CTN
0.5mm	6mm*33m	100R
	8mm*33m	80R
	10mm*33m	60R
1mm	6mm*33m	80R
	8mm*33m	60R
	10mm*33m	48R
2mm	6mm*16.5m	80R
	8mm*16.5m	60R
	10mm*16.5m	48R

Feature: Transparent, high temperature resistance,waterproof, and good effect although on the uneven surface.

Application: Used in advertising for signage sticking.

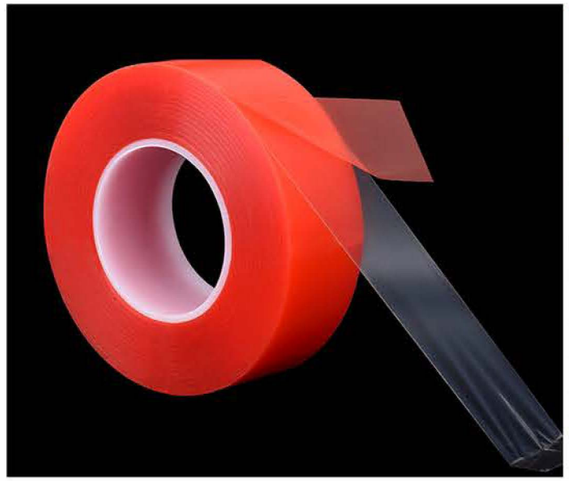
Grey acrylic double sided tape

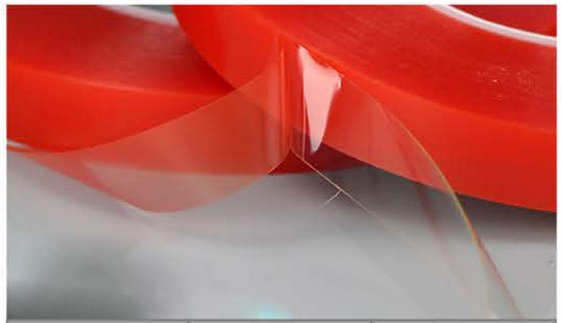
Feature: High temperature resistance, good waterproof, and good effect although on the uneven surface.

Application: Stick heavy advertising board.

Size	Thickness	Package/CTN
6mm*33m	0.8mm	88R
8mm*33m	0.8mm	66R
10mm*33m	0.8mm	52R

Transparent PET double sided tape

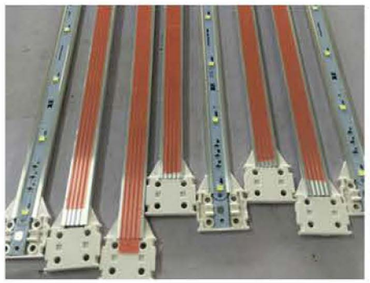




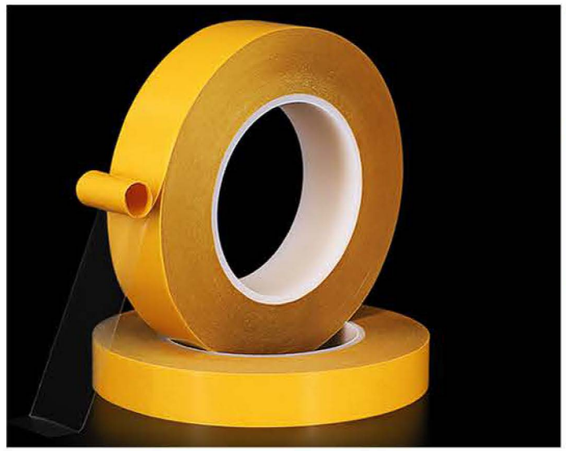
Size	Thickness	Package/CTN
8mm*50m	0.205mm	120R
9mm*50m	0.205mm	104R
10mm*50m	0.205mm	96R
12mm*50m	0.205mm	80R

Feature: Transparent color, high temperature resistance, good waterproof performance and removable without residue.

Application: Widely used in advertising for signage, LED module, light signs.



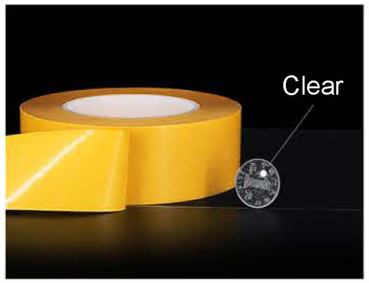
Banner PET double sided tape

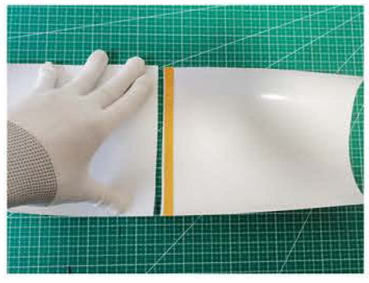


Size	Thickness	Package/CTN
8mm*50m	0.205mm	120R
9mm*50m	0.205mm	104R
10mm*50m	0.205mm	96R
12mm*50m	0.205mm	80R

Feature: Very strong adhesive,transparent color, high temperature resistance, good waterproof performance and removable without residue.

Application: Special use for joining two banners together with glue.





High temperature resistant tissue double-sided tape

613			
Tack	Size	Thickness	Package/CTN
high	4mm*25m	0.16mm	384R
	5mm*25m	0.16mm	306R
	6mm*25m	0.16mm	252R
	8mm*25m	0.16mm	192R

Feature: High temperature resistance, hign tack, and has better adhesion to various substrates, especially for arc surface adhesion.

512			
Tack	Size	Thickness	Package/CTN
medium	4mm*50m	0.14mm	450R
	5mm*50m	0.14mm	360R
	6mm*50m	0.14mm	300R
	8mm*50m	0.14mm	222R

Feature: High temperature resistance, hign tack, and has better adhesion to various substrates, especially for arc surface adhesion.

Application: Widely used in advertising for signage, LED module, light signs.

Regular tissue double-sided tape

Tack	Size	Thickness	Package/CTN
regular	4mm*50m	0.1mm	450R
	5mm*50m	0.1mm	360R
	6mm*50m	0.1mm	300R
	8mm*50m	0.1mm	222R

Application: Widely used in advertising for signage

PET double-sided tape for engraving machine

Feature:

Transparent PET tape, strong adhesive, super think tape ,removable without residue.

Application:

Special designed for temporary fixing of acrylic board, pvc board, and wooden board during curving process.

Size	Thickness	Package/CTN
12mm*17y	0.09mm	200R
15mm*17y	0.09mm	160R
18mm*17y	0.09mm	130R
24mm*17y	0.09mm	100R

PE Double Side Foam Tape

Feature:

Strong adhesive, high temperature resistance, stable, good waterproof performance.

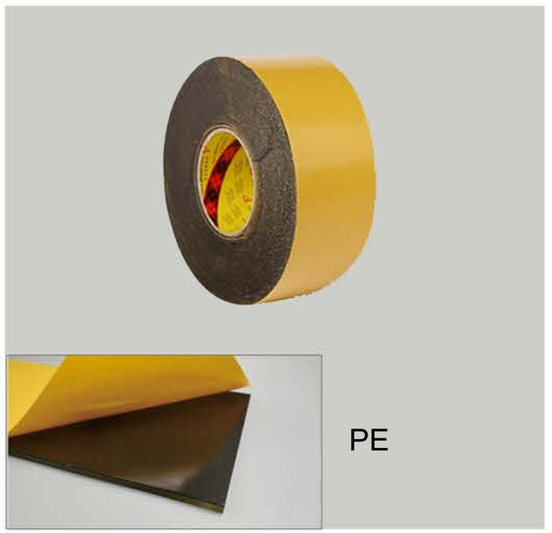
Size	Thickness	Package/CTN
15mm*20m	1mm	204R
20mm*20m	1mm	150R

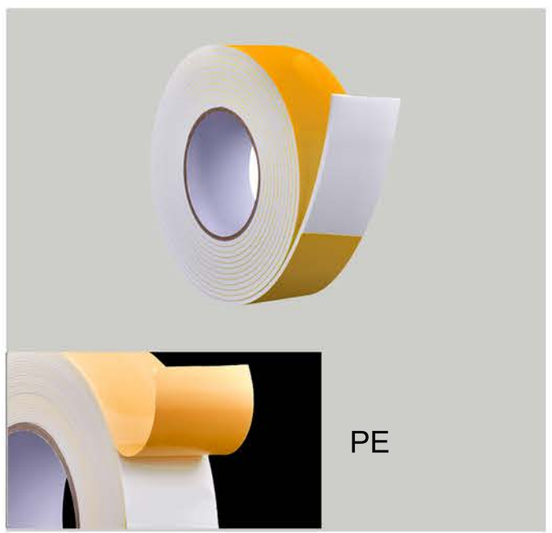
Regular PE Double Side Foam Tape

Size	Thickness	Package/CTN
15mm*5y	2.5mm	162R
20mm*5y	2.5mm	126R
30mm*5y	2.5mm	81R
15mm*10m	2.5mm	104R
20mm*10m	2.5mm	80R
30mm*10m	2.5mm	56R

Feature: It is made of PE foam as base material, coated with high performance adhesive on both sides and release paper.

Strong PE Double Side Foam Tape





Feature: It is used for sticking signage, light stripe,decorative board in advertising industry, nameplate, and for car decorating and fixing.

Size	Thickness	Package/CTN
20mm*10m	1mm	275R
20mm*20m	1mm	150R
24mm*10m	1mm	231R
24mm*20m	1mm	126R

Strong EVA Double Side Foam Tape

Size	Thickness	Package/CTN
15mm*20m	1mm	204R
20mm*20m	1mm	150R

Masking Tape

Washi Paper

Crepe Paper

Size	Package/CTN
10mm*30y	360R
12mm*30y	300R
15mm*30y	240R
18mm*30y	192R
20mm*30y	180R
24mm*30y	144R
30mm*30y	120R

Feature: Remove without damaging subsurface. Resist solvents or water from the paint.

Application: Masking of auto body components during auto painting, sticks on wood plastic,glass, metal and painted surfaces,Masking of joints between window and door frames and walls .

High Temperature Resistant Heat Transfer Tape

Temperature resistant:≤260℃

Size: 10mm*33m / 15mm*33m / 20mm*33m / 25mm*33m / 30mm*33m

Transparent Packing Tape

Size	Package/CTN
45mm*100y	54R
45mm*220y	24R
55mm*100y	45R
55mm*220y	20R

Feature: Strong tension resistance, good toughness, not easy to break, strong adhesive.

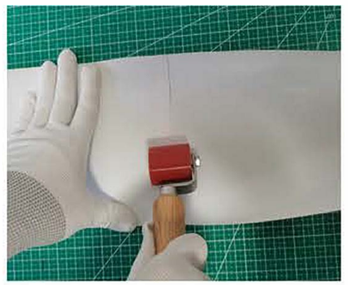
Roller for PressTape

RT01

Size：4cm*16m

V162

Size：5cm*17.5cm



Normal Acrylic Hinge

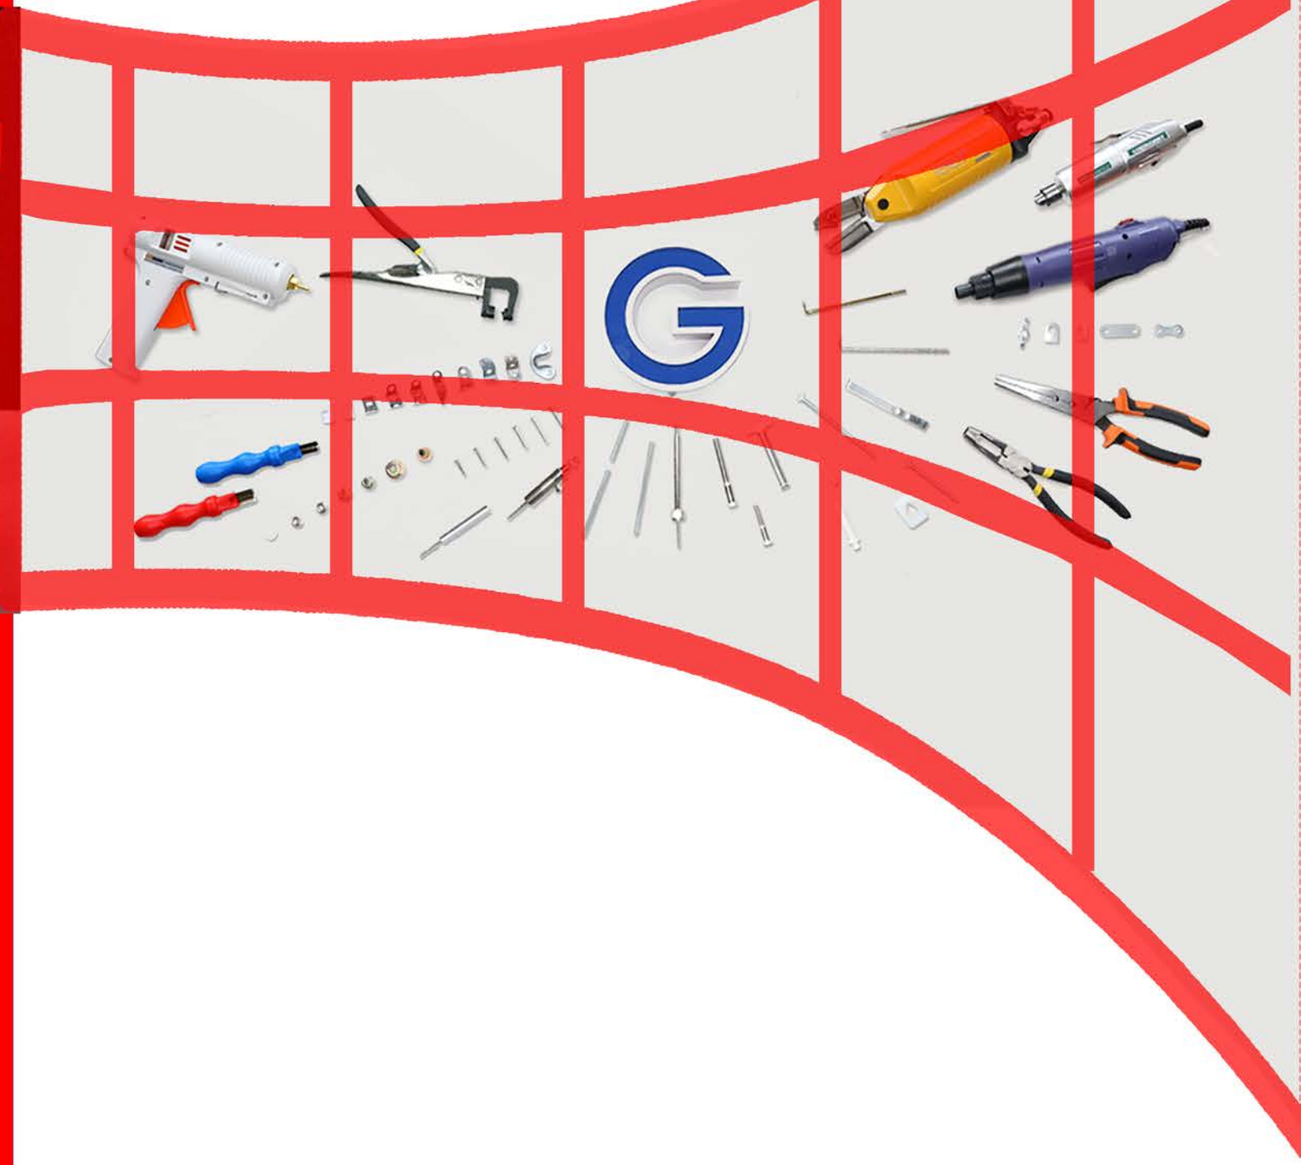
Channel Letter Tools



SIGN making tool

Channel Letter Manual Hole Punches

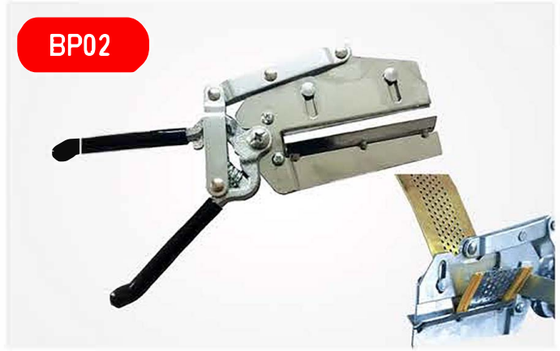
Channel Letter Pneumatic Hole Punches

Application: Widely used in channel letter making,it can make neat holes quickly and easily。

Suitable Material: stainless steel, iron, aluminum, galvanized metal, and copper sheet etc.

Modle No.	MHP01	MHP01	PHP03	PHP04
Method	manual		pneumatic	
Hole Size	1.6/2.0/2.5/3.2 3.5/4.2/5.2mm	3.2/3.5/4.2mm	3.2/4.2/5/6 7/8/9/10mm	3.2/4.2/5mm
Sheet Thickness	stainless≤1.2mm galvanized≤1.5mm aluminum≤2mm	stainless≤0.8mm galvanized≤1mm aluminum≤1.5mm	stainless≤1.5mm galvanized≤2mm aluminum≤2.2mm	stainless≤0.8mm galvanized≤1mm aluminum≤1.5mm
Edge Length	50mm	12mm	25mm	25mm
Air Pressue	/	/	90psi	90psi
Inlet Port(N)PT	/	/	1/4“	1/4“

Manual Metal Strip Bending Plier



Modle No.	QE01-V50	QE01-V80	QE01-V120	BP02-V100
Height	50mm	80mm	120mm	100mm
Sheet Thickness	stainless≤0.5mm galvanized≤0.6mm aluminum≤0.7mm	stainless≤0.5mm galvanized≤0.6mm aluminum≤0.7mm	stainless≤0.8mm galvanized≤1mm aluminum≤1.5	stainless≤0.6mm galvanized≤0.6mm aluminum≤0.6mm

Application:Suitable for channel letter making, metal letter bending,can make right and acr angle.

Luminous Letter Raindrops Draining Hole Puncher

Sheet Thickness: stainless≤0.4mm,galvanized≤0.8mm,aluminum≤1mm

Application: It is used for making tapered holes on the aluminum sheet or stainless steel sheet.

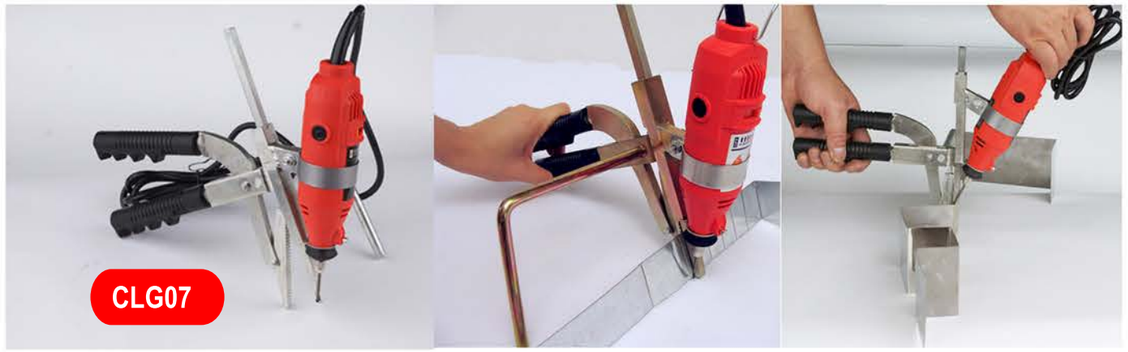
Suitable Material: stainless steel sheet, iron sheet, aluminum sheet, galvanized metal sheet.

Multi-Function Wire Stripper

Application:

For wire stripping, wire cutting and terminal crimping, widely used in channel letter wiring, LED wiring, indoor wiring and network wiring system.

Manual En-Grooving Channel Letter Tool



Application: The en-groove machine is widely used for metal channel letter making.

Feature:

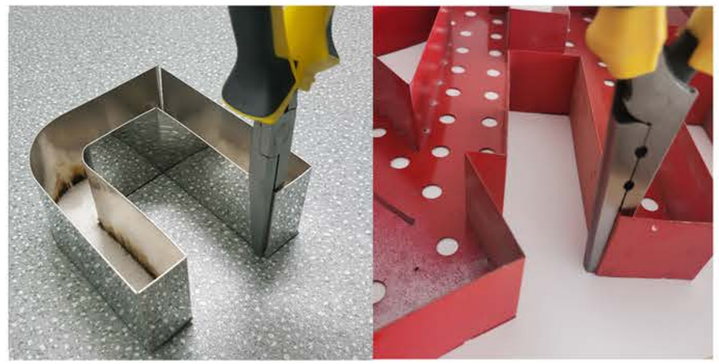
1.The machine moving through a channel to keep the en-grooving goes accurately.

2.The zigzag clamp will hold the trim cap tightly.

3.The high quality drill is with high hardness.

4.The machine with the supporting stand to avoid shifting when it is working.

Pliers for Metal Channel Letter Lader Welding



Manual Steel Cutting Scissors for Luminous Letter

Name: Diagonal Plier

Used to cut led strip, wires, thin iron wires

Name: Toothless Flat Nose Pliers

Used for trimming luminous characters
